C. G. MacGregor, chairman of the Local Authorities Board, assisted by Morris member of the staff called the public hearing here Tuesday morning to order at 10 a.m.

The purpose of the hearing held in the Town Council Chambers came about as a result of an application received from the Town of St. Albert to acquire 10 acres of land, located about one mile south-west of here for a landfill site. The proposed site is located within the

Municipal District of Sturgeon and that municipal body declined to entertain St. Albert's application when residents of the area registered protests against, "a garbage dump next door."

Prominent amongst the objectors to the proposed site are three residents whose homes are located within 1,300 feet of the site. Other objectors are business men in the site-area whose fears centre around the old conception of a smelly, unsightly garbage dump.

Present to help dispel this concept of sanitary landfills was H. L. Morrison, a professional engineer retained by the Town of St. Albert. Mr. Morrison is vice-president of the engineering and consulting firm of R. M. Hart, and Associates Ltd. of Edmonton.

In his testimony to the hearing, Mr. Morrison showed slides of a typical modern, well-planned old-fashioned garbage dump. Then he showed slides of the proposed site, followed by a film produced by Cater-

The film showed precisely how the new concept of sanitary landfills was being introduced and carried out.

"Gone are the days when raw garbage is allowed to lie exposed while polluting the environment and contributing to the breeding of pests and vermin," Mr. Morrison said.

Head table guests the banquet were John Sheppard noted radio-TV personality and journalist who was guest speaker, Mayor Ray Gibbon, host and master of ceremonies, Father Collin Levanie, Mrs. Eileen Gib-

son, executive members of local organizations and parents of the St. Albert good will ambassadors who travelled to Newfoundland. Three persons have to be singled out from amongst the guests and these are the 'chaperones' who escorted the St. Albert contingent, Bob and Lynda Heworth, also Donald Clarke, sole escort of the Newfoundland contingent, Mr. Clarke's wife was unable to make the trip here which leaves the responsibility of the return journey back to Newfoundland entirely with Mr. Clarke. Being the principal

ities, one of the students explained, "are all close to one another and we all attend Templeton Collegiate." When asked why the Newfoundland group consisted of 25 students while only 24 were expected, another 'Newfie' student, Ricky House explained, "with Mrs. Clarke dropping out at the last minute, that made room for one more kid."

Legal is all spruced-up, tense and ready to welcome its citizens and visitors at the very popular annual Fete au Village, a two-day area-wide celebration running Saturday, July 29 until Sunday night July 30, rain or shine.

This highly successful once-a-year public frolic started years ago when village picnics were losing their luster. Enterprising citizens of Legal thought up a theme . . . Fete au Village . . . and from then on, the annual two-day event became a 'must' on everyone's summer calendar of outings.

Fete au Village features all the happy events of a major extravaganza, but has managed to retain the flavor of a more intimate village-type picnic. Friends meet friends . . . children play an important part in most proceedings . . . and the family-unit enjoys itself together. Uniting all this color, fun and fanfare is the *Couverture-de-bols* costumes and the French overtones which gives Legal's annual "blow-out" a distinctive ethnic flavor . . . surely enjoyed by everyone who travel the 20 miles north on Highway 2 from St. Albert.

Officials in charge of the

two-day Fete au Village extravaganza want to assure everyone that regardless of the weather, rain or shine, the show will go on as scheduled. So, with that assurance, residents and visitors are urged to keep this pledge in mind and plan to attend. The fully-packed two-day program starts off Saturday July 29 at 8:30 a.m. with a flap jack breakfast, followed by a colorful parade, after which the beer gardens will be flung open.

With things well under way, young and not-so-young will have their choice of events there for their enjoyment. These include a gymkhana, baseball tourna-

ment, a giant midway, barbecue, crowning of the queen, demolition derby, citadel jamboree and so on. The program has something for everyone . . . no matter what turns you on.

"Rencontrez vos amis a Legal," (meet your friends at Legal) the program proclaims and by the looks of the full program, there's little doubt that everyone's friend is going to be there... even well-known TV star and local entertainer of a few years ago, John Forrest, delightful Scottish singer and balladeer. It's all at Legal's Fete au Village, July 29 and 30. And bring the family.

Gore's Res. 66 Gretna Place, St. Albert, was overall winner in the Chilcot place of the Export 'A' Kings Beard-Growing Contest. Mr. Rees, a retired insurance agent, beat out last year's overall winner Walter East of Winnipeg, Manitoba. Mr. Rees was presented with his winner's cheque of \$50 and trophy courtesy of Export 'A' Kings, sponsors of the annual Klondike Days Beard-Growing Contest. Mr. Rees is now eligible to compete on Saturday, July 29th, when the winners from the five categories will compete for the overall championship. Judging of the contest is held daily at Petcoat Park, 101 Ave. Mall, from 10:00 a.m. to 5:00 p.m. The overall winner on Saturday, chosen from the five category winners, will receive an additional \$125 plus the trophy.

'Uncle Bob' Heyworth and wife Lynda who escorted the St. Albert students on the Newfoundland trip are shown above with Donald Clarke, escort of the Newfoundland contingent and principal of Templeton Collegiate. This trio had a lot of adventures to relate after spending 10 days in charge of 49 students. Mr. Clarke and his 25 students will be returning to their respective homes in Newfoundland Thursday after enjoying a 10-day whirlwind visit here.

ney here. From the North Shore of Cornerbrook, the travellers covered that distance by bus to Port-Aux-Basques where they boarded a ferry to North Sidney. From there, complete with queasy stomachs, (including Uncle Bob), the troupe boarded a train to Truro, on to Montreal and Ottawa where they had a brief respite, visiting the nation's capital. One of the young Newfoundlanders, who, we are sure will become a politician said, "I don't know if Ottawa was such a good place to recover in from upset tummies."

From Ottawa, travel was then by plane via Toronto, Winnipeg and Edmonton. Ed Savole, well-known local bus driver and noted for his unstinting efforts in conveying people when such a service is required was at the International Airport all set to pick up the 49 students, escorts and luggage. The Newfoundland contingent of students is made up of 15 girls and 10 boys while the St. Albert group was made up of 14 girls and 10 boys. When June Sheppard, guest speaker, made reference to 'women's liberation', one of the Newfoundlanders was heard to

comment, "yup, I'm all for women's lib."

Guest speaker for the occasion, June Sheppard, who admitted she had requested assistance from her daughter in the preparation of her talk, told her attentive audience, "my daughter warned me not to come out with those dumb clichés like the 'hands across the nation' bit." And she didn't. June Sheppard was her usual charming self and didn't bore her audience with 'square platitudes' as the younger set might say. She dealt with strictly 'in topics' which pleased her listeners, especially the younger set. One of the girls was heard to comment, "she didn't lecture us once on anything . . . she's given me a good message."

With the assistance of his wife Eileen, and Mrs. Renee Laird, recreation co-ordinator, Mayor Gibbon presented all 49 students with souvenirs of St. Albert, Kinsmen mugs, plaques and admission tickets to a variety of local and Edmonton points of interest. Corsages were given to all the young ladies in the two groups, courtesy Ernie Jamison, MLA for St. Albert.

While here the visiting students are living with St. Albert families, most of whom had their children on the exchange trip. During their 10-day stay, the 25 Newfoundlanders are being given a whirlwind series of entertaining adventures, including besides the public

banquet, a hayride, barbecue, trip to the Rockies, the Game Farm and several opportunities to Klondike Days in Edmonton.

Our last conversation with the Newfoundland exchange students indicates that the youngsters are having a wonderful time and are not looking forward to the return journey home Thursday.

PROCLAMATION

By virtue of the authority vested in me pursuant to Section 237 of the Municipal Government Act being Chapter 246 R.S.A. as amended, I hereby proclaim Monday, August 7, 1972 to be a civic holiday in the Town of St. Albert.

Landfill Hearing

Continued From Page 1
tary landfill sites, when properly operated represent a substantial saving to the taxpayer, \$3 per ton the old way against \$1.10 per ton the landfill site way. Another feature of the new concept Mr. Morrison explained was the cell-factor, where refuse is dumped into a cell-like excavation within the site (where in this case the dumping area is about 40 feet deep) and this cell is covered daily, with a minimum of six inches of soil. "Thus," Mr. Morrison explained, "eliminates odour, littering of the area by high winds and keeps the site attractive."

Another advantage to use modern sanitary landfill concept is that once the site is filled, a final topping of about two feet of soil, plus landscaping restores the former unsightly area into a viable piece of property.

Rebuttals were heard

from Lawrence Kluthe, representing the Municipal District of Sturgeon who questioned the volume of traffic to the landfill site. Mr. Kluthe's contention is that since citizens will be free to haul heavy garbage to the site, "this could bring about quite a volume of traffic," he said. He asked if it was part of the overall plan to hard-surface the gravelled road leading to the proposed landfill site? Mr. Kluthe was advised that no problems in this regard were being anticipated. Answering the question, Mr. Morrison said, "I doubt if all 13,000 St. Albert residents will journey to the site with garbage." He nevertheless explained that the gravelled road would be more than adequate for the expected volume of traffic, however, he did say that roads within the site would be brought up to proper standards, along with the general improving of the site itself.

Mr. Walter Kuhn, of Gold-

en West Golf & Country Club registered his objection to the "garbage dump" and explained his fears in a very graphic way. Other objections centered around the dread of pollution expected to come about from rains and run-off water percolat-

ing through the refuse, down into the water table. Mr. Morrison first dispelled the suggestion that water would percolate through the refuse because, "with a properly packed and sloped refuse cover, there's no chance for water to seep through."

To sum up the issue, the

Town of St. Albert's application for 10.1 acres of land from a plot containing approximately 41.37 acres, located south-east of here, near the Northern Alberta Products Ltd. site will be considered by the Local Authorities Board once all the interested parties have been heard from, and the testimony assessed. No date was given as to when a decision could be expected.

WELFARE APPEALS
Any person dissatisfied with the amount of financial assistance granted to him, being denied assistance or having their assistance cancelled may appeal to a special committee established to look into such matters. These committees are composed of ordinary citizens who are given the power to make decisions. The appeals procedure has been established to safeguard the rights of people in Alberta. It is known that no organization is perfect, nor are the employees in it. This includes big business organizations as well as governmental departments. Mistakes are sometimes made by the most efficient and best intentioned people. That is why the appeals committee exists. The people on them volunteer their time and are dedicated to seeing that no one is treated unfairly.

Each area covered by an office of the Department of Health and Social Development has an appeals committee. Here in St. Albert we may contact the com-

mittee through the West Edmonton Regional Office. Although the committee covers a provincially designated area it handles appeals connected with municipal financial assistance.

Not only people receiving financial assistance but anyone dissatisfied with a decision of any welfare department may appeal if he believes a recipient or applicant is, or is not, eligible for assistance or the amount of that assistance is excessive or inadequate. The appeal must be related to an actual case of unfair treatment. The person appealing may do so himself or with the help of a friend or lawyer or other knowledgeable person.

If the appeal concerns provincial assistance it should be directed to the Administrator of the West Edmonton Regional Office in Centennial Mall. If it concerns assistance from the Town of St. Albert it should be directed to the Chief Ad-

ministrator of the Town. Further information on what kinds of decisions may be appealed and the procedure for appealing may be obtained from Mr. Ken Motherwell, Department of Health and Social Development, 98 Avenue and 109 St. 429-5411 or Mona Acker Director Preventive Social Services for the Town of St. Albert, Town Hall, 599-6601.

Debunking The Day Care Mythology

DAY CARE ENCOURAGES MOTHERS TO GO TO WORK
By Howard Clifford
Director Day Care Services City of Edmonton

As a result of our current high rate of unemployment the claim is made that working mothers are taking jobs that should go to men. The fact is that most jobs held by mothers are either lower paid than men's or in-

volve skills that the unemployed male doesn't have. Almost 10 per cent of the Canadian population are in families headed by a woman, and another large number sustain themselves just above the poverty level only because the mother is employed.

Of all the studies done in the U.S. or in Canada, there is no evidence that failure to provide day care centres in any community has resulted in fewer mothers going to work. But there is evidence that failure to provide day care services has resulted in second-rate, often dangerous care of children.

None of these statements should be construed to mean that women should not be encouraged to enter the labor market if they wish nor that they should not have equal access to employment. I'm only affirming that as of this moment the claim that day care encourages mothers to go to work is a myth.

Mr. Dan O'Connell, chief town administrator requested in a recent memorandum for direction to negotiate with Local 941 of the CUPE. Mr. O'Connell's concern was with regard to the agreement to provide a new carpenter classification. Mr. O'Connell expressed the view that now time has come when it would be advisable to have a journeyman carpenter on the town payroll. Mayor Gibson made a motion that approval be given to the addition of a carpenter classification to the agreement subject to negotiations by both the Town Negotiating Committee and the CUPE Negotiating Committee.

Integrated Engineering Ltd. and Integrated Building Corp., applicants for a development agreement in the Grandin Park area. The condominium project will have to await for council's ruling before their two recent requests can be dealt with. The first request for Phase 4B (condominium) asked for permission to pre-grade the development area while a development agreement is being drawn up. After the question went around the council table a motion by Mayor Gibbons was carried by a vote of 3 - 2 whereby pregrading will not be allowed until the development agreement has been signed.

The other question, dealing with Integrated in the Phase 4B project proposed street widths of 25 ft. rather than the previously - approved 29 ft. streets. In view of this change in plans, council moved that the matter be tabled until a meeting has been arranged with the developer.

The Editors

I, like all people with a love of animals and feeling for their welfare and lives, was appalled at the wanton cruelty of the shooting of the little mother of the kittens reported in your issue of July 12th.

If the children with the gun were under age to have one, their parents should be held responsible for their actions. If they were of age to have a gun they ought to be taken to task for their act. I agree with the write-up which said, "Why do parents permit their irresponsible children to have guns?"

There is, and has been, far too much of this sort of thing going on for years. The children who witnessed the act either know the ones who did it or could identify them -- and should by the

police. If parents of such children were made to be responsible for their acts, we might be able to stop this sort of thing.

I know, and I'm sure many others do too, parents who buy various types of guns for their under-age children and turn them loose to kill and maim birds or anything they can hit. Recently, in my area I noticed slingshots being used, they too are dangerous, not only to birds but other children.

Let us hope some action will be taken by the proper authorities for the above shooting. Children should be taught at home and in school humane treatment of our animals, wild and domestic, unfortunately, we have too many adults who lack feeling for animals.

Mrs. John M. Bailey.

There's an annual event that takes place here in St. Albert which hasn't captured the attention of the nation but certainly deserves high commendation. We're referring to five local youngsters who, during the past two years, have operated a Penny Carnival to raise money for the children's ward at the Sturgeon General Hospital. This week the Penny Carnival operators have presented the hospital with \$22.80 worth of supplies for the children's ward.

It all started last year when the Wilsons and Sinclairs of Grandin Rd. conceived the idea last year during the summer holidays. Layne, Lani-Rae and Leanne Wilson, ages 11 and 8 respectively (Leanne and Lani-Rae are twins), along with their neighbors, Aileen Sinclair, 12 and brother Bill, age 11 raised \$8,75 during their first attempt at running a fund-raiser.

Residents are reminded that the paper collector's bin, located at the rear of the Father Lacombe Museum is there for the convenience of everybody. So please become part of the 'Paper Drive' and drop off your accumulation of old newspapers in the huge bin conveniently located there. A town councillor recently, R. Thronsdon made a timely comment during the 'New Business' session of the council meeting Monday when he asked, "why isn't the paper bin kept more orderly?" He said that if a person is asked to leave a room, they should be given the orderly area of the Museum." He also asked if town staff could look into the matter, perhaps lend some supervision and assist with this paper salvage project. Councillor Thronsdon

ing a carnival.

This year, the same five youngsters held their second Penny Carnival and raised \$14.05, thus making a total of \$22.80 with which they purchased coloring books, crayons, comic books and a wide assortment of children's games. The presentation was made Tuesday afternoon to the Sturgeon General Hospital.

These enterprising and concerned youngsters held the event in the Wilson's backyard. They feature a wide variety of games of chance, such as a dart-throw ball-throw, treasure hunt and other games while also offering for sale such goodies as lemonade, popcorn and fudge. Winner of the cake raffle was Bernice Schmitt of 138 Grandin Rd. She was one of the 40 youngsters who enjoyed themselves at the Penny Carnival and helped raise funds for such a good cause.

was told the Paper Drive, as such, was a local youth project. Town engineer Jan Mandaag admitted that the project was not being properly supervised which resulted in a "sloppy operation," Councillor Thronson made a recommendation, which received unanimous approval that a report from staff be prepared on the operation and co-ordination of the paper pickup operation in town and that the said report be ready for the next Committee of the Whole meeting.

If Ottawa's proposed Residential Mortgage Financing Act gets through the House of Commons this summer, The Financial Post's Beatrice Riddell says there could be a rush by several financial institutions to establish a new type of mortgage investment company by fall. These new organizations would woo the savings of individuals into residential mortgages and income-producing real estate. A number of investment dealers, mutual fund and other financial organizations have been investigating such operations. Some plans are believed to be well advanced.

Before you shout "Hit it," make sure you are safe. Consumers' Association of Canada recommends that quality skis be used even if they cost a little extra. Skis made of solid ash, a laminate ash and mahogany or laminated birch are considered to be most reliable. Bindings made of pure gum rubber are preferable as they will stretch more giving a comfortable fit without restricting circulation.

The operators of the Penny Carnival realized their objective which was two years in the making. On Tuesday, they proudly presented Nurse Mrs. Marie Jurick, head of pediatrics, Sturgeon General Hospital with \$22.80 worth of coloring books, crayons, comics and games. Break 90 at golf

John C. Bain, writing in the Financial Post Magazine says that although statistics say that there is an 85 per cent chance that you can't shoot 90, if you play the game his way, you can. Bain is an applied mathematician who has devised this simple system -- play ONE SHOT at a time and play one hole at a time then you will soon break 90. Bain explains it this way: "Approach golf like an industrial engineer . . . he likes to develop standards. The pro golfers will tell you to get

out there and play. But that's crazy you should spend 90 per cent of your time developing standards."

The condominium concept now is being applied to office buildings. Two Toronto developers have launched ventures allowing companies to buy space rather than lease it -- but other developers are adopting a wait-and-see attitude. Harold Tanenbaum, who has just completed an \$8.5 million, 18-storey condominium tower in Toronto, believes there "is as much need for office condominiums as there is for housing condominiums."

St. Albert Cubs bantam baseball club advanced along the playoff trail with easy victories over Galford last Sunday in St. Albert. Left to right, back row: Jim Leddy, Terry Leddy, Alan Musto, Stephen Lister, Doug Millroy (coach); Bill Burton, Cletus Gagnon, Tom Parayko, John Penrose and John Bennett. Kneeling, left to right: Sandy Millroy, Mike Mitchell, Peter Upright and Travis Parayko.

Sunday Victory Starts Cubs On Bantam Playoff Trail

St. Albert Cubs took their first step along the provincial bantam baseball playoff trail Sunday afternoon, defeating Galford 11 - 4 on the Mission Park Diamond.

The win gave St. Albert the best-of-three series in straight games as the Cubs won the opener 12 - 2 in Galford a week previous.

The Cubs actually won four straight games, coming out on top 12 - 2 in a second game in Galford which was played as an exhibition contest and winning 15 - 2 in a second game exhibition Sunday.

Allan Musto, whose home run in Galford broke open the opening game, had the magic touch again Sunday afternoon. With one run in and the bases loaded, Musto cracked a home run to give the Cubs a 5 - 0 lead in the first inning.

Before the inning was over, Cubs had pushed another three runs across and with Terry Leddy pitching a strong game, the margin was just too much for Galford to overcome.

In the opening game of the series in Galford, Cubs saw 11 of their first 12 batters go down on strikes and Galford take a 2 - 0 lead.

But Cletus Gagnon and Terry Leddy hit back to back doubles to open the fifth inning, and Cubs were on their way back. Musto put fast-balling Walter Case's second pitch into the bush and for the first time in the game, Cubs had the lead. They were never to let it go.

Gagnon started on the mound for St. Albert, but was lifted in the fourth after the first three batters had reached base. Terry Leddy, who had thrown one runner out as he tried to steal third, took over with one out and two on. A fly which he took himself and a strikeout and Cubs were out of trouble. Galford never got a man on base over the next two innings.

Cubs wasted little time getting down to business in the exhibition contest at Galford, scoring twice in the first inning and three times in the second. Billy Burton pitched the first four innings for Cubs, giving up a run in each the second and third innings.

Sandy Millroy relieved in the fifth but after getting the

first two batters, gave up a single and two walks to load the bases. Southpaw Tom Parayko, pitching to brother Travis, ended the threat, getting the third out on a force play at home. Peter Upright cracked the second homerun of the day for Cubs in that one. He also homered in the exhibition game here Sunday.

Terry Leddy went all the way on the mound for the opening game win Sunday, getting two-hit support from Burton and Musto and one each from John Bennett and Upright. Stephen Lister drove in two runs with sacrifice bunts. Galford hitters collected five hits off Leddy. Leddy struck out 11 and walked seven.

Musto went all the way to win the exhibition game, limiting Galford to four hits, a double the only one for extra bases. He struck out eight and walked seven.

Cubs collected 10 hits, the big blows being Upright's home run and triples by Bennett and Mike Mitchell. Bennett also singled.

Cubs are swelling word as to who they will play the next two weekends, either Pembina or Slave Lake. The winner of that series will advance to the northern final August 12 and 13.

SWIMMING:

The advertisement in last week's Gazette gave details of the instructional classes being offered at the pool during August. Registrations will be taken at the Clubhouse (beside the swimming pool) on Thursday and Friday, July 27 and 28 from 7 - 9 p.m. on each evening. To try and accommodate as many people as possible, classes will be scheduled from 8 a.m. - 12 noon. A notice will be posted at the pool if a curtailment of the early morning swim proves to be necessary when lessons start next week.

Scuba diving equipment is allowed in the pool on Sunday evenings from 8 - 9 p.m.

A Water Show is in the planning stages and is scheduled to take place on Sunday August 13.

CHILDREN'S THEATRE:

Two performances of "Wild West Circus" by the Edmonton experimental Theatre were scheduled from 2:30 p.m. and 7 p.m. on Wednesday, July 26, taking place beside the Arts Centre in Salisbury Park (behind Vital Grandin School).

TENNIS:

Mrs. Cynthia Sage and Miss Bernice Parsons, members of the Tennis Club organize, supervise - and give encouragement to any juniors who go to the courts on Tuesday mornings at 9:30 a.m. Junior mornings is from 9:30 a.m. - 12 noon and juniors will be very welcome at these sessions.

Ladies wanting to play or practise without arranging games beforehand should go to the courts on Thursday mornings at 10 a.m.

The St. Albert Tennis Club has been very active recently. In the City of Edmonton tournament played at Garneau, St. Albert was well represented in all events in both the A and B categories, with even two entries in the parent and child event. Rita Egan and Sue Taylor reached the finals of the "B" ladies doubles. Sue gained final berths also in the "B" ladies singles, secondary event, and with her husband, Jay, in the "B" mixed secondary event. In inter-club matches, our

ST. ALBERT RECREATION HI - LITES

"B1" team beat Glenora, 6 - 2, and Hillcrest, 7 - 1. The St. Albert B2 team drew with Hillcrest, four games each. The local B1 team beat our B2 team by 6 - 2 who in turn lost to Hillcrest by 3 - 5.

A novelty mixed doubles tournament is scheduled for Wednesday, July 26 at 6:30 p.m. This is a most enjoyable social event and is specially good for beginners and new members as it provides an opportunity to

meet their fellow-members. There will be a social hour after play has finished.

Entry forms are now available from Clark-Warren for the provincial junior and senior tournaments being played at the Royal Glenora and also for the Hillcrest junior tournament. The dates are August 5 for the Senior Provincial, August 12 for the Junior Provincial and August 19 for the tournament at Hillcrest.

Bilingual Pistol Starts Swimmers At Devon Meet

Approximately 50 members of the Salfish Swim Club spent a pleasant afternoon in Devon on Sunday where they competed against three smaller clubs, and won another trophy. The Devon Club has been inactive for a year and is made up almost entirely of new swimmers. Barrehead is a completely new club and Westlock is a very small group, having only seven swimmers in competition last weekend.

To welcome any French Canadians in the audience, the Devon starter gave his instructions to the swimmers in the last race in French. Although some competitors felt they might not understand, they were informed that the starting gun sounds the same in any language.

Individual trophies for the best girl and best boy swimmers at the meet were presented to Abigail Parrish of Westlock, with 25 points, and Don England of St. Albert, with 21 points.

Final standings were: St. Albert - 736, Devon - 315, Barrehead - 130, Westlock - 114.

The next competition for the St. Albert Club will be in Edson on July 23.

Two pretty student exchange ambassadors can't hold a serious face when Mrs. Eileen Gibson who, with Mrs. Renee Laird were presenting each visitor with souvenirs of St. Albert at the banquet held in their honor last Thursday. Mrs. Gibson is down there between the students and Mrs. Laird, picking up an item which just slipped out of her hand before making the presentation. Smiles all around relieved a tense moment.

Centre Soliciting Work For Students

Another local group of enterprising high school students launched their Student Temporary Employment Program (STEP) . . . this one was awarded a \$200 grant from the Provincial Department of Culture, Youth and Recreation for the operation of the Coffee House Employment Service. Located in The Teen

Centre here in St. Albert, the student employment agency started functioning Thursday, July 20 and according to Collette Meunier, one of the originators of the project said, "we have already secured an office job here in town for one of our unemployed students."

Miss Meunier and her colleagues have already canvassed by phone most of the St. Albert business establishments. Response has been encouraging she says but we need more job opportunities because we have quite a long list of students

seeking summer jobs.

Residents are urged to phone 599-7354 and make known their help needs. You may want a babysitter, a part-time helper, delivery boy, female clerk or whatever . . . call that number and a capable student will be delegated to the job. The same thing applies to St. Albert students looking for work . . . call the above number or drop in at the Coffee House Employment Service and apply for a job.

Coffee House Employment Service hours will be daily from 11 a.m. to 5 p.m.

Phillies Dropped From Playoffs

The St. Albert Phillies were dropped from further competition in the Alberta provincial playoffs last Sunday afternoon, but it was no easy matter for Edmonton's second-best Mosquito Division baseball team, Brim-

lanla-Youngstown.

After winning the protest of the first game, played July 16 in Edmonton, the Phils were defeated 5 - 4 on an error which allowed the tie-breaking run to score from third base in the bottom

half of the sixth inning.

Disheartened, the St. Albert representatives were spilled in the second contest of the day, 17 - 5. Sharp base running by Britania and numerous fielding errors by the Phillies contributed to the loss.

With Wade Katzmarsyk and David Lacroix on the mound for the Phillies in the third game, B-Y's Community Leaguers were forced to come from behind to win 11 - 7 for their third win of the day.

A light lunch was provided and served by parents of the St. Albert team members for all players of both teams and invited guests at the home of Coach Rick Schuchard.

The Phillies, winners in 18 out of 22 games this year, now await the three-team double knockout tourney scheduled for the middle of September. Participants will include the St. Albert Totems, Lions and the Phillies.

Willowbrook Saints Take Braves' Tournament

St. Albert Willowbrook Saints hammered Morinville Manufacturers 17 - 7 in the final game to win the Alexander Braves baseball tournament last weekend.

Saints took an early 7 - 0 lead and never looked back. Morinville called the game in the seventh inning when they ran out of pitchers. Wayne Biggs went all the way for the Saints while Bud Plyluk took the loss. Zen Chaba had a two-run homer for the winners.

In the semi-finals, Saints coasted to an easy 18 - 1 win over Gibbons with Larry Murray going all the way

for the win.

Morinville scored a win over Lamont to get into the finals behind the strong pitching of Larry Perrott.

Opening games saw St. Albert defeat the Junior Braves 8 - 3 while Morinville blasted Blue Quill 15 - 2. Lamont beat Alexander 3 - 1 while Gibbons took Genevieve 10 - 2.

EXHIBITION BASEBALL. Alexander Braves will be in St. Albert, Thursday, July 27 for a game against the Saints with game time at 6:30 p.m.

Saints will travel to Fawcett this weekend for their annual baseball tournament.

A-1 Pitcher Tallies 14 Strikeouts

Veteran Dick Bird chalked up 14 strike-outs to lead JD - A1 to an eight game 5 - 4 win over the Calahoo Chiefs. The game was the first in the best of three series with the second scheduled for Calahoo tonight.

Calahoo scored two runs in the seventh to tie the game, but George Fraser's line-shot into centre field scored Lawrence LaLiberte with the winning run. Calahoo's Garry Athison hit the game's only home-run.

In the quarter final series a two run homer by Gall Refshauge in the third inning gave Calahoo a 3 - 2 win over Grandin Esso Tigers. Ian Brown was the winning pitcher while Mike Hampel took the loss.

The other semi-final in the Sturgeon Fastball League saw Stony Plain Playboys score a 3 - 1 win over Spruce Grove Panthers, to win the series in two straight games.

This shows a dramatic scene during the Wild West Circus performed by the Edmonton Experimental Theatre here last Wednesday afternoon. Deputy Sheriff Grant Samuel has just announced his desire to learn how to shoot a six-gun but doesn't want to face-up to the bad gun fighter. In the meantime Mme. Lao, Margaret Barry, the Chinese heroine watches Miss Prim, Cynthia McKenny stirring up her young audience to join-in and help fend off the gun fighter. You'll notice that the audience is seated on the floor in this little theatre setting while the play takes place within the crowd.

Theatre Group Thrills Local Tots, Kiddies

The Edmonton Experimental Theatre, entertaining youngsters in and around Edmonton, brought their Wild West Circus here last Wednesday and thoroughly thrilled over 50 St. Albert children. Even the few adults present enjoyed the 30-min-

ute play.

Being one of the several Local Initiative Program endeavors brought about through federal grants, these Experimental Theatre performers present one of three plays wherever they happen to be making a stand in their tour. Wild West Circus is the one played more frequently because it appeals more to the very young audience. Other plays include Street Theatre A-La Carte and Cowbones.

Last Wednesday's play, Wild West Circus featured the sheriff on a slow-moving dusty Western town, his deputy who isn't too swift, Miss Prim, the goodyschool teacher, Mme. Lao, a Chinese circus performer who carries with her all the mystique of the Orient and a bad gun fighter. The whole per-

formance is assisted by a stage manager Eleonore Boyden.

In this performance of the Wild West Circus, the following actors play their part: Sheriff, Douglas Oakley; Deputy, Grant Samuel, Miss Prim, Cynthia McKenny, Mme. Lao, Margaret Barry, Gun Fighter, Kee Zwanenburg.

H.B.C. History Parallels St. Albert Development

This is an article made available to The Gazette by Mr. John Cunningham, operation's manager, Hudson's Bay Co., Edmonton. The historical data contained in Mr. Cunningham's articles was obtained from Hudson's Bay Co. archives and therefore authentic in every detail. We thought our readers would be interested in this bit of local history. All rights reserved, cannot be reproduced in whole or in part without a written release from the Hudson's Bay Co. - John Cunningham.

The first Company man to visit what is today Alberta, was Anthony Henday. He left York Factory in June of 1754; by March 1755 he had reached the junction of the Sturgeon and Saskatchewan rivers. This particular area had been a favorite native camping ground for generations.

In 1793 Peter Fidler, another Company man, journeyed by land along the north bank of the Saskatchewan and up the Sturgeon, which was also called Tea River or Red Willow Creek. He was seeking a site for a post because of news that the Canadians of the North West Company had intentions of locating in the Saskatchewan district.

He rejected the present St. Albert area because of an absence of wood with the comment from his journal "This Sturgeon or Tea River is the end of our journey but not a proper place to

build at owing to the small woods that are here - a few pines along the banks." He recommended a site east of St. Albert.

On October 5, 1795, the men of the Hudson's Bay Company arrived to establish a fort near the present site of the community of Fort Saskatchewan within musket shot of the North West Company's Fort Augustus. Alberta's first shopping centre was a two store unit. The name selected for the Company's post was Edmonton House. William Tomison the first factor selected the post name after Edmonton in Middlesex, England, the home of the Company's Deputy Governor.

The first business transaction at Edmonton House was recorded on October 7, a sale of ammunition and tobacco to one group of Indians and the purchase of 100 lbs. of provisions from an Indian woman.

Fort Augustus and Edmonton House were to move three times before occupying their final sites in 1813 in the present city of Edmonton. The common name used for the site was now Fort Edmonton rather than Edmonton House.

1821 marked the end of competitive rivalry in the Canadian fur trade with the union of the Hudson's Bay Company and North West Company. The Hudson's Bay Company post was the facility retained for operations in Edmonton. The facilities were expanded on the site

where the Alberta Legislature now stands. By 1830 Fort Edmonton was the administrative centre of the vast Saskatchewan District and the centre of all the Company's activities between the Pacific coast colonies and Fort Garry. Fort Edmonton was the depot, warehouse and provisioning point for fur brigades moving north, south, east and west over the mountains to the Columbia district. It was a centre for the buffalo hunters and a producer of pemmican and York boats.

Chief Factor John Rowand supervised the Saskatchewan District's affairs from Edmonton during the period from 1823 until 1853. Rowand, himself a Roman Catholic, petitioned Bishop Provencher of St. Boniface as early as 1838 to send a priest to the Saskatchewan District. Finally, Father Thibault arrived in 1842 to establish a mission at Lac St. Anne. He was succeeded in 1852 by Pere Albert Lacombe, who was to eventually become a legendary figure in Canada West.

Father Lacombe felt that the St. Anne Mission was too far from Fort Edmonton. He preferred a hill above the Sturgeon River near Big Lake where he often stopped en route to the fort.

Father Lacombe had a visit of inspection from Bishop Tache, early in 1861. On their return from St. Anne to Edmonton, on January 16, 1861, they paused for lunch on Father La-

combe's favorite hill, and discussed a future mission site on the Sturgeon. Bishop Tache approved the superior location and selected the name St. Albert, after Father Lacombe's patron saint.

On April 19, 1861, Father Lacombe commenced construction of a Chapel, and the settlement of St. Albert was underway. In a very short time St. Albert became the spiritual centre of Canada west of St. Boniface and would exceed Fort Edmonton in population until gold brought an influx of people to the Edmonton area. By 1862 farming along the river lots, apportioned by Father Lacombe, was underway and the first bridge west of Winnipeg was constructed along the Sturgeon river.

In 1864, when Father Lacombe started a flour and grist mill, the population was 300. The Bay came to St. Albert in November 1866 under John Cunningham. The building was moved from Fort Edmonton. This post served an agricultural population until its closure in 1875. It was one of our first branch retail stores.

Father Leduc succeeded Father Lacombe at St. Albert in 1867 - where he remained for 25 years.

The following year, Bishop Grandin arrived with 14 recruits. In 1870 the Mission of St. Albert is made an Episcopal See by Pope Pius IX, but the news takes months to reach St. Albert.

In the same year the reigns of government in the west passed from Hudson's Bay Company to the new Dominion of Canada. The cathedral is started in St. Albert.

1876 was a disaster year for the St. Albert community. A hail storm wiped out the crops. The Bay at Fort Edmonton, eliminating any profit, sold St. Albert residents provisions at cost and donated 40 sacks of flour to the orphanage, 825 lbs. of flour to the settlers and 800 lbs. of meat to St. Albert families.

The Edmonton Bulletin census of 1881 listed Edmonton's population as 263, St. Albert as 232.

In 1884 the Town of St. Albert was surveyed and Governor Dewdney from the North West Territorial government in Regina saw a visit.

The year 1885 saw the west in turmoil, rumors of war, looting of Hudson's Bay posts, and word of the Mels uprising over land rights had all added to the future political uncertainty.

During the height of the crisis, the families of Company employees from Fort Edmonton seek refuge at St. Albert, which organizes a Militia for the duration of the emergency.

By 1889 St. Albert has a newspaper, the Northwest Territories. The official census of 1891 lists Edmonton's population at 1400, St. Albert and Morinville at 1450.

The Town of St. Albert

is incorporated by decree of the North West Territories in 1902. Hotels, stores and banks are built to add to the growing importance of the community.

1905 sees Edmonton become the capital of the new province of Alberta. The fur trade era is over and settlement is aggressively underway in both communities. Edmonton now overshadows the Town of St. Albert and this becomes more obvious after the end of the first World War.

By 1960 St. Albert continues to grow again - this time as a suburb of Edmonton.

Hudson's Bay Company in Edmonton evolved from fur trade post to mining outfit, general merchant to modern department store. This evolution took place in the downtown area until the opening of Southgate in 1970.

Consumers' Association of Canada advises that lifting mechanisms for raising hardtop trailer roofs have to stand up to water, mud and dust and therefore should be sturdy. Ask the dealer to demonstrate how the trailer sets up. Request advice on repairs in the event of a breakdown. Soft-top trailers use tubular supports to keep the canvas tight. It is of most importance to inspect the supports, pivot points, and adjustments, and look for adequate strength, durability, and ease of operation.

On July 17 in the early hours, Joyce, Loretta and Clara Loyer made the long trip to North Battleford to attend the funeral of Clara's niece, Mrs. Matilda Vivier who had been ill and hospitalized for some time. Coming back the same night they had a good day but were exhausted. Since then Clara managed to get to the city to see the Klondike parade and tour the grounds.

Mr. and Mrs. F. Lischewski were so pleased to have Ferdinand's sister Emma Goplin and niece Gertrude, Mrs. H. Gaudits come from Germany for a week's visit along with his brother Rudolph from Toronto. This provided an opportunity to have the family together to meet the relatives so Gordon and Gertrude Bergstrelser, Leah and Trevor, John and Johanna Borle, Sandra and Janine and Arthur and Valerie Lischewski with baby Nicole had a nice sunny day to enjoy festivities.

In order to show off our Alberta they took their company to Jasper to see its beauty and meet Erwin and Lillian, Anita, Karen and Mark Lischewski and Willie and Mardell, Nadine, Rhonda and Clayton Lischewski. Another venture was going to visit the Game Farm and getting to our Calahoo and watching a ball team in action before attending the

Senior Citizens night out at the Gazabo, besides visiting in the neighborhood.

Mrs. O. Steinkampff has returned from her pleasure filled visit home to Holland. Although there were only four sunny days while there, Audrey was busy visiting her many relatives in many parts of Holland and even got to Belgium. Her mother is staying well and sister and brothers at home were happy to see their sister.

Warner and Tona Christen have just returned from their pleasure filled trip to Switzerland, Germany and Holland. They too experienced damp cool weather but the warmth of friendships overshadowed these and while there, toured a rose garden that had 60 varieties of roses blooming, an unforgettable sight to be sure.

Mr. Malcolm McKenzie enjoyed his trip to Vancouver and the Island, visiting his brothers and many friends. Upon returning Malcolm spent a weekend visiting his sister Betty and husband Lawrence MacIntyre at Hardisty.

Legal Pastor's Return Prompts Family Reunion

By Lucienne Montpilot

The parishioners of Legal were pleased to see their pastor Father Bissonnette return after spending some time in his home town of St. Flavien, P.Q. for the celebration of his parents 50th wedding anniversary, also his brother Donat-Paul who celebrated his 25th wedding anniversary. The 11 children were reunited for this happy occasion.

Returning to Legal, Father was accompanied by three of his brothers, Father Camille, Brother Jean-Marc and Robert Bissonnette. Upon their arrival the travellers were invited to have dinner at Mrs. Joseph L.-Heureux also arriving at

the same time was Father Alfred Houde from Fort Kent, his brother, his wife and nephew from Quebec, Mr. and Mrs. Bouchard, friends from St. Isidore. Needless to say, Mrs. L'Heureux had a full house and a happy reunion.

At 5:30 p.m. everyone attended mass that was celebrated by Father Bissonnette, assisted by his brother, Father Camille and Father Houde and Brother Jean-Marc was the servant. On July 18 the Bissonnette Brothers left for a four day trip to the coast, Jasper and Banff. They are staying for our annual celebration Fete au Village and they hope to meet many of you there.

paper. Council did agree, however, that Village News be sent to Sun Colorpress as well as to The Gazette. Miss Wright was informed that, if in the future, tenders for a newspaper are considered, her firm would be notified.

An agreement is being drawn up with Oakhill Foundation regarding sewage disposal into the Bon Accord Lagoon.

A letter from the Sturgeon Health Unit was read which strongly favoured retention of the present refuse disposal site. Failing this they recommended a new site be chosen which would be convenient to Bon Accord and Gibbons and the rural area.

Following a recent fire in the community, the matter of fire charges was discussed. Residents are advised that bills for firemen's wages will be forwarded to the owner of the premises involved.

In reply to a letter from the Edmonton Regional Planning Commission calling for suggestions to revise the new Planning Act, council requested that a letter be sent stating that when a Building Permit is

issued for a 'moved-in' building, a Performance Deposit should be required and retained until such times as the work is carried out to the satisfaction of the building inspector.

The secretary-treasurer was authorized to purchase a further 100 lbs. of grass seed. This is for the use of ratepayers wishing to seed from their property line to the street.

In reply to a question regarding fee dialling to the city, Councillor Deedman said that he had talked the matter over with Mr. E. Jamison, MLA who advised that in view of the present re-organization in the Department, there would be no point in taking the matter to the Minister of Telephones.

The secretary treasurer was asked to contact Calgary Power requesting them to install a street light at the south end of 49A Street.

Council reconvened on Wednesday, July 19 for discussion with Mr. Jack Patterson, engineer, in connection with the Northeast Subdivision. Negotiations are still underway and it is hoped that construction will start soon.

David Soetaert raises Grand Champion Calf

By Liz McLeod

On July 14 a large crowd of well-wishers were on hand to watch the 10 members in the Villeneuve 4H Club prepare their calves for the show, which was hampered by a down-pour for about 10 minutes. Exasperating especially, when the rain came just when the calves were all so neatly groomed.

However, the judge took this into consideration and in the final analysis this is the order in which the calves were chosen:

- 1st Grand Champion - David Soetaert; 2nd Reserve Champion - Denise Kerckhof 3rd - Jack Kerckhof; 4th - Gary Soetaert; 5th - Henry Kerckhof; 6th - Debbie Kramer; 7th - Darrell Kramer; 8th - Jocelyn Terreaux; 9th - Paul Terreaux; 10th - Phillips Terreaux.

Debbie and Darrell Kra-

mer received the honors for showmanship and Kramer's two and Kerckhof boys two were in the group of four steers.

On the 17th, assistant leader, Marcel Kerckhof took this club's calves to the Exhibition for their final performance for this year and Denise Kerckhof's Hereford Steer was rated the best Hereford and she received a belt buckle with a calf design on it and when sold received 42 cents a pound.

Jack Kerckhof's steer was rated second-best Hereford and he received a calf designed pin and received 41.75 cents a pound when sold.

Brother Henry received 41.50 cents a pound for his nice animal.

Perhaps the highlight of the 18th was the banquet at the Klondike Palace.

District firms buy prize-winning calves

By Rita Riopel

The Morinville IGA and Falls Farm Equipment of Alameda each purchased a show calf at the Edmonton Regional 4H Show and Sale which was held at the Sales Pavilion on the Edmonton Exhibition Grounds on July 18th.

The Morinville IGA purchased the choice steer calf of Rita Riopel which weighed in at 1050 pounds and was

sold at 39 1/2 cents per pound.

Falls Farm Equipment purchased Bernice McGillis' choice steer calf weighing 1030 pounds at 38 and 1/2 cents per pound.

The RQB Club wishes to thank these firms for their interest in the 4H movement and the youth of our district.

By Rose Martel

Mrs. Rose Martel is on a well-earned holiday and enjoying herself at one of our mountain resorts with a hot pool so the column is going to be short.

Mr. and Mrs. Adrian Houle from Vancouver are holidaying in Morinville and district after attending the silver wedding celebration of Mrs. Houle's aunt and uncle, Mr. and Mrs. Tony Schafers.

Mrs. Alice St. Germain accompanied by Mr. and Mrs. Maurice McCall of Edmonton are holidaying in Peachland, B.C., at the home of Mr. and Mrs. Larry McCall. While there she will attend the wedding of her nephew, Mr. Raymond McCall in Summerland, B.C.

Mr. and Mrs. Terry Curtis recently returned from a family holiday. Mr. Curtis is now working in Hinton, with a construction crew.

Phone calls and letters from our travelling students in LaBelle Province confirm the fact that they enjoyed a good flight to Montreal, and are being entertained royally by their hosts in P.Q.

Several social events are being planned locally to welcome our students back on July 27 with their guests. Beginning with an official

MORINVILLE MEMOS

welcome on their arrival around 4 p.m. at the Morinville Centre, Mayor Arthur Stapleton will present a golden key to the guests from the east. Others invited to officially welcome them are Mr. Ernie Jamison, M.A. and Deputy Reeve Mr. Edward Courchesne. This is to be followed later in the evening by a steak barbecue for invited guests and Student Exchange group hosted by the town of Morinville. The Lions Club will entertain the Student Exchange group at a hamburger barbecue on Saturday, July 29 at the Morinville Picnic Grounds, between 7 and 9 p.m. On August 4, the Morinville MYR and Student Union will join forces to entertain the exchange students and their guests at a teen dance in the Morinville Centre with the Sham-masters band from Calgary, providing the music. Everyone is cordially invited to come and meet the sleek chicks from the East, and the boys too.

for their homes back in Quebec province. It is hoped that the community will make an honest effort to make the guests feel at home so that each young student will bring back a good impression of Morinville citizens and their western hospitality.

The results of the hail-storm that lashed the district last week are becoming more evident, and the

percentage of loss is said greater than first expected according to many farmers whose crops were damaged. For many, east of Morinville, this will be the third crop loss in succession.

Mr. Jeet Khular and family have returned to Morinville after an absence of two years, where Mr. Khular was teaching in Jamaica and other South Island colonies.

Chris Kluthe Calf Wins RQB Achievement Cup

By Lita McLeod

The sun shone brightly and a cool breeze blew on July 17th when more than 150 neighbors, friends and relatives gathered at RQB for the 4th Achievement Day when all the hopes and dreams of the 26 members of perhaps the raising the champion steer would be realized. Twenty-five calves were shown, (unfortunately one calf died), but what a pretty sight, all those well-groomed calves patiently awaiting the judges final decision.

"The last two issues of the Gazette revealed information concerning the Bertha Army worm. This information would also apply to other worms such as the Beet webworm," says Wallace Klatt, district agriculturist.

I wish to emphasize that all producers become familiar with the referenced issues and that they continually check for eggs and worms in all rapeseed crops.

By Gladys Morin

Village Council Agrees With Development Plans

By Gladys Morin

The monthly council meeting was called to order by Mayor Holmes, with Councillors Morin, Smith, Oliver and secretary treasurer E. Yeo present.

Mr. E. W. Lucka, engineer with Associated Engineering Services Ltd., came to the meeting to discuss the construction standards for developing land and

and white shirts leading their calves and getting them to stand for the show.

The official judge was Mr. Lyle McNickel, ringmaster was Mr. Wally Klatt (district agriculturist); showmanship judge was Mr. Jim Sharpe and grooming judge was Mr. Ralph Oulmet.

With such well-groomed beef steaks on the hoof, the judges had a real hard time to determine the champion but in the final analysis this is the order the judges chose:

1st Grand Champion -- Chris Kluthe; 2nd Reserve Champion -- Lorie Perrott; 3rd -- Bobby McGillis; 4th -- Joanne Coma; 5th -- Carleen Perrott; 6th -- Robin Fuhr; 7th -- Arlene Coma; 8th -- Jean McGillis; 9th -- David Boddez; 10th -- Bernice McGillis; 11th -- Darrell Sheehan; 12th -- Danny Sheehan; 13th -- Randy Kaup; 14th -- Malcolm Brown; 15th -- David Kinella; 16th -- Craig Perrott; 17th -- Kevin Boddez; 18th -- Kevin Kluthe; 19th -- Paul McGillis; 20th -- Susan Riopel; 21st -- Rita Riopel; 22nd -- Robert Riopel; 23rd -- Warren McDonnell; 24th -- Mary Sheehan; 25th -- Gail Fuhr.

In the showmanship class Jean McGillis won the honor for the girls and Warren McDonnell won this honor for the boys.

The best grooming was won by Rita Riopel for the girls and Craig Perrott for the boys.

The three happy girls and one boy whose calves were chosen for the Group of 4 were: Bernice McGillis, Gail Fuhr, Rita Riopel and Bobby McGillis.

Their leader, Mr. Gordon Fuhr has worked hard throughout the year as did the boys and girls and their parents are to be congratulated on helping their children in such a worthwhile project.

After this show the calves were loaded and taken into the Exhibition for sale the following day.

Sentimentality will run high, for these youngsters have grown very fond of their calf, and parting can be such sweet sorrow or agony and tears.

RQB Beef Club wins two awards in city show

By Rita Riopel

The RQB 4H Beef Club won two top awards at the Edmonton Area 4H Beef Club Championship Show and Sale which was held in the Sales Pavilion at Edmonton on Tuesday, July 18th.

They won the Best Kept Stall competition and were awarded the Shultz & Sons Frozen Foods Ltd. trophy. The judges commented on the general appearance, uniform of members, color scheme, signs showing the member's names, also name and weight of calf. These signs were in the shape of a Hereford calf and were a real work of art. The alley was covered with healthy green lawn donated by Mr. Ernie Purschke of the Big Lake Sod arm.

A hobo dinner is hardly complete without beans, vegetables and spaghetti, all mixed together into a 'mulligan'. That's exactly what these St. Albert 'junior hobos' had for lunch recently, under the supervision of Lions Park Supervisor Shirley Goldstick. Above they're seen waiting anxiously for their 'hobo dinner' to be served. Left to right: Donna Nuttall, 27 Glenmore Cres., who contributed a can of beans and onion soup to the 'repast'; Christopher Borgstede, 31 Glenmore Cres., added his spaghetti to the pot, Kevin and Bradley Slater, 63 Greenbrier Cres., brought along their favorites, meat balls and spaghetti. More hobo dinners are being planned by Miss Goldstick.

Over 100 worshippers, many attired in Klondike garb heard a very timely sermon delivered by Rev. Leonard Musto, minister of the United Church whose topic was "Letting Go," a message which proved to be very compatible with the Klondike Spirit. Soloist was Ron Costly who sang two Gospel Hymns, much to the edification of the entire congregation. Next Sunday's service, also to be held at the United Church will be conducted in the Anglican Order with Mr. Don Merrell.
